

Milburn Flooring

SINCE 1959

LIBRARIES

Milburn Flooring has been servicing satisfied customers for over 60 years and has become a leading provider of commercial flooring to facility managers/directors, general contractors and architects for the New York Metropolitan area. As a full-service flooring contractor, we can assist you with everything you need from product selection and design to installation and maintenance. We are dedicated to providing quality products, expert installation and superior customer service for all types of commercial flooring.

Our exceptional products and services in commercial flooring have earned Milburn Flooring the recognition as a top performer in the industry. This is why more than 90% of our business has come from repeat business and referrals.
